

Executive Summary

TechHire Beyond the Dollars: A Multifaceted Approach to Sustainability

06/17/2020

Moderator: Ayreen Cadwallader

Speaker(s): Christian Lagarde & Matt Poland

Beyond the Dollars: A Multifaceted Approach to Sustainability and the Funding Analysis Tool are new tools TechHire grantees can use to navigate sustainability post-grant work.. Together, these tools provide overall guidance for sustainability planning, many associated resources, a sustainability plan template and a useful tool for financial planning. This webinar walks through both tools on the webinar, answer questions and help TechHire programs decide what may be next for them in addressing sustainability.

During this webinar, participants will:

Become familiar with the Beyond the Dollars sustainability tool and associated resources

Gain an understanding of how to use the Funding Analysis Tool

Consider next steps for sustainability, leveraging these new tools

Who Should Attend: Key personnel who should attend this webinar include TH program directors or managers, finance staff and program coordinators. Please also feel free to invite relevant partners, including training providers and service providers, and other key personnel that support your TechHire grant program.
